STORING
Files

The Problem

The Immigration and Refugee Board of Canada stores a high volume of paper records. They needed to reconfigure and reformat their previous storage system.

The Solution

Spacefile installed a high-density storage solution that modernized their storage while eliminating valuable aisle space. The system featured a fully integrated grouted track with plywood decking, finished with matching tiles to create a seamless appearance. Spacefile coordinated this install in stages as a renovation was occurring simultaneously.

IRB Canada

Contact Spacefile for a customized high density storage solution today.

About Spacefile:

Spacefile International Corp. is a leading North American manufacturer of High Density Storage Solutions. For over 40 years, we have offered storage solutions to a wide range of markets including commercial, health care, government, education, institutional, retail and many other custom applications. As Spacefile continues to grow, so do our product offerings. Contact Spacefile to maximize your storage capacity and utilize space more efficiently.

Why Spacefile:

Spacefile offers a complete finished solution for all your storage needs. From consultation to the installation, the Spacefile team is all you need.

Our expert design team is available to work closely with you to develop a system for your space and needs. Our design software can provide you with accurate high definition 2D and 3D rendering capabilities and the exact number of storage inches. Our pricing is presented in a simple comprehensive format with delivery and installation included.
