

## PROJECT SUMMARY

CLIENT  
Ryerson University

INDUSTRY  
Athletics

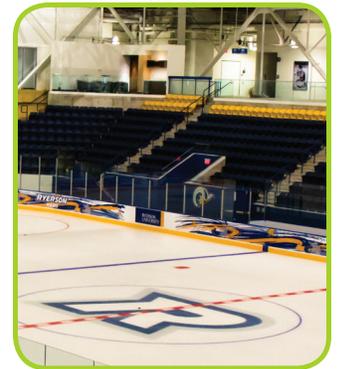

STORING  
Sporting Equipment  
Jerseys  
Misc.

## The Problem

Ryerson required a system that allowed team uniforms to air dry quickly while maximizing space for team storage and general storage.

## The Solution

Spacefile developed a layout that maximized storage space while maintaining airflow. The Spacefile customized LT 4-Post system offered the perfect solution for Ryerson. Perforated end panels maintained airflow, while the adjustable nature of the system allowed the client to store unique items without the custom price.

# Ryerson University

Contact Spacefile for a customized high density storage solution today.

### ABOUT SPACEFILE:

Spacefile International Corp. is a leading North American manufacturer of High Density Storage Solutions. For over 40 years, we have offered storage solutions to a wide range of markets including commercial, health care, government, education, institutional, retail and many other custom applications. As Spacefile continues to grow, so do our product offerings. Contact Spacefile to maximize your storage capacity and utilize space more efficiently.

### WHY SPACEFILE:

Spacefile offers a completely finished solution for all your storage needs. From consultation to the installation, the Spacefile team is all you need.

Our expert design team is available to work closely with you to develop a system for your space and needs. Our design software can provide you with accurate high definition 2D and 3D rendering capabilities and the exact number of storage inches. Our pricing is presented in a simple comprehensive format with delivery and installation included.

### NOT CONVINCED?
