

SDSm Manual Assist

A cost-effective manual storage solution for any application

SDSm Manual Assist

Spacefile's SDS Manual system is a highly flexible, cost-effective solution for light and medium-load applications. Efficient movement is achieved by simply grasping on to the handle and moving side-to-side. Designed for high traffic and heavy use, SDS carriages are engineered to endure the toughest conditions, no matter what the application.

Features & Benefits:

- Welded frame construction
- Highest degree of structural integrity, rigidity, durability
- Large 5" solid steel wheels for easy maneuverability
- Permanently sealed/lubricated ball bearings ensure smooth, long lasting operation.

Of Storage Innovation

SDSm Manual Assist: versatile, customizable, cost effective
