

Tambour Door

Secure, easily accessible and aesthetically pleasing

Tambour Door

Spacefile's Tambour Doors are designed to efficiently secure valuable and sensitive information. Conveniently roll shutters up for access and back down to create a secure wall that restricts access. A unique and adaptable design allows for full integration with any of Spacefile's shelving products as well as third-party shelving.

Features & Benefits:

- **Standards Compliant:** Lockable design complies with both HIPAA and PIPEDA security requirements
- **Easy to Operate:** Lightweight slats, torsion spring loaded, with a waist-high self-activating lock and grab handle
- **Durable:** Welded cold-rolled steel housing, powder coat paint finish, aluminum guide rails and shaft
- **Customizable:** Multiple heights and widths are available to fit virtually any cabinet
- **Space Efficient:** Thin aluminum guide rails enable maximum storage within the system with minimal space intrusion
- **Multiple lock combinations:** 215 key combinations

Of Storage Innovation

Tambour Doors - versatile, accessible, and secure

Tambour Doors

Spacefile's Tambour doors have a durable cold-rolled steel case and aluminum guide rails which house lightweight slats that are easily rolled up or down. During the day, the doors roll up and out of sight. At the end of the work day, when the doors are closed and locked, they protect any size cabinet.

Let our in-house design team customize a solution that will optimize your space plan and maximize your storage capacity.

Tambour Door

Tambour Doors are easy to install on Spacefile's static and mobile systems as well as other manufacturers' shelving.

About Spacefile

Spacefile International Corp. is a world leader in high-density storage, providing insights into how to successfully integrate mobile, static and customized modules into comprehensive storage solutions.

Our designs showcase ways to increase storage up to four-fold, with North American built products of uncompromising quality, attention to detail and best-in-class value. We are a North American-based manufacturer located in Toronto, with extensive experience in retail, corporate, library, museum, healthcare, government, industrial, and athletic applications.
